## BEEF TRUST INVESTIGATION

### INDICTMENTS FAILED TO MATERIALIZE

#### Persons Accused of Tampering With Witnesses, Escape—May Demand Immediate Trial for Connors.

Chicago, March 31.—Threatened indictments against persons connected with the big meat packing industries for alleged tampering with witnesses before the federal grand jury which is investigating the so-called beef trust failed to materialize to day and indications now are that inquisitorial body for the present at least will be content with listening to real evidence in the case. Instead of further indictments being returned, it is said to night, attorneys for the packers will force the issue in the indictment already returned against T. J. Connors, general superintendent for Armour & Co.

As the matter now stands Connors, who was indicted on a charge of attempting to influence J. Edward Shields, a witness before the jury, will not be given a trial until the July term, when the other indictments, if any are returned, will be tried. To night it was learned by the federal officials, however, that Attorney Upton, general counsel for Armour & Co., is preparing to appear before some United States district judge with a petition demanding immediate trial for Connors. If the petition be granted the government, it is said, will be placed in an embarrassing position. It will be necessary to summon a petit jury, recall Shields as the main witness and present many of the alleged facts in open court which Shields testified to in the grand jury room.

Eight witnesses were heard by the jury to day. Five of them were men employed by Swift & Co. in their Chicago plant.

## PHYSICAL TRAINING

### Report Made by Joint Board of Army and Navy Officers—Recommendations.

Washington, March 31.—The war department has made public the report of the joint board of army and navy officers convened by special orders Feb. 8 to take into consideration the physical training of cadets at the military academy and midshipmen at the naval academy. The report, which is endorsed by President Roosevelt, who directs the recommendations be carried out, is very long. Its most important feature is the recommendation that physical training be incorporated in the course with boxing and wrestling. The board reports that it is not of great value as means of physical development, but knowledge of the system would inspire the individual with a degree of self-confidence.

In discussing the use of swords and after recommending their use on ships to which objection was made by Acting Secretary Darling, the report says as regards the army it may be said that as far as evidence at the disposal of the board goes the sentiment of the army is largely against the use of any sword at all by officers in the field, the idea being to replace the sword by the revolver.

### PRAIRIE FIRES

Omaha, March 31.—Reports received from Bonesteel, S. D., and other points on the Rosebud reservation tell of a serious prairie fire sweeping across the reservation. At Norfolk, Neb., many homes and thousands of dollars worth of hay were destroyed. In a home containing eight children one was fatally burned and the entire family narrowly escaped death.

### BIG CATTLE SALE

Kansas City, March 31.—Five thousand head of half-bred Hereford and Mexican steers, two and three years old, were sold to day by John Pinnell, agent of the T. O. (Riverdale) ranch, state of Chihuahua, Mexico, to the Empire State Cattle company, J. M. Sheaf and J. D. Carr, of South Dakota, at \$14 a head, one of the largest sales of the year. The cattle are to be shipped to Evans, S. D.

### SHOT BY A WOMAN

St. Joseph, Mo., March 31.—James Whitten, a private detective, at present in the employ of an Iowa insurance company, was shot in the back and fatally wounded this afternoon just after he had left the witness stand in the criminal court room by Mrs. Alice J. Koplinger, keeper of a boarding house. The woman claimed Whitten had ruined her daughter.

### BANK CLEARINGS

New York, March 31.—The total bank clearings compiled by Bradstreet's for the last week were \$2,734,995,034, an increase of 12.3 per cent compared with the corresponding week last year.

### FOUGHT A DRAV

Baltimore, March 31.—Young Corbett and Kid Sullivan fought ten rounds to a draw here to night. Corbett claimed a foul in the second round. The referee refused to allow it, but gave Corbett five minutes in which to recuperate.

## WAR WILL DRAG ON

### Prospect for Peace Has Disappeared—View of Japanese Minister at Paris

Paris, March 31.—Whatever hopefulness the peace situation may have had some days ago the situation has now completely changed and there is every prospect the war will drag on again. Consequently dispatches appearing in America saying Foreign Minister Delcasse and Japanese Minister Motono have been conferring at the former's house relative to peace are inaccurate.

The foregoing view of the situation is taken by parties immediately concerned and it is asserted with the authority of the foreign office and Japanese legation. The Associated Press correspondent has talked lengthily with Motono during the last few days and the situation reflected forth in these dispatches reflected the view of Motono and others directly concerned, although with the usual reservation of not using their names. However, in view of continued reports that there were indications Delcasse and Motono were taking an active part in negotiations the correspondent of the Associated Press called at the Japanese legation to day and requested Motono to furnish a decisive statement which would put at rest all misunderstandings. Accordingly the minister gave the Associated Press the following categorical statement, which was taken in writing and may be accepted as authoritatively clearing the situation:

"I tell you explicitly there are no peace negotiations or preliminaries in progress at this time so far as I am aware and I believe my information is complete. I am not desirous of discussing the general question of peace. Owing to the complete absence of negotiations or preliminaries toward negotiations that question can only be academic and without practical bearing. The statements I have conferred with Delcasse at his residence are false and are calculated to confuse a situation which is perfectly plain. There is no representative of Japan authorized at this time to discuss peace or foreshadow in the least what conditions the Japanese government might consider if negotiations assumed a practical stage. On the contrary, Japan is now engaged in conducting a military campaign which will resolutely proceed with that important work."

It can be added the introduction of the foregoing dispatch as well as the portion quoted was submitted to Motono, who approved every word. It was similarly submitted to the foreign office, where it was approved throughout. Therefore the dispatch can be accepted as being in the highest degree authoritative.

### SILENCE ABOUT PEACE

St. Petersburg, March 31.—Newspapers to day are so significantly silent about peace reports from abroad that it leads to the inference they have been warned by the government of the inadvisability of airing their views at this time.

It is officially announced General Karkevitch has been appointed Linvitch's chief of staff in place of Sakurov, who has been transferred to the Alexander committee for the care of wounded. General Stakelberg has also been appointed member of the same committee.

Authorities continue to find evidence of terrorist activity in St. Petersburg and in spite of precautions of police another tragedy may occur at any moment. The fighting organization is known to have on its condemned list thirty persons, headed by Grand Duke Alexis and Governor General Trepov, but the police, although they have arrested several persons with bombs in their possession and have taken many suspects into custody, have been completely baffled in their efforts to discover the individual who is directing the campaign of the terrorists. The police theory continues to be that the central organizations, of those engaged in the conspiracies are at Geneva and Paris and that men, arrested in Russia are agents selected to execute sentences.

### JAPANESE ADVANCE

St. Petersburg, March 31.—News from the front of day indicates Oyama has begun the genuine advance of the main army with wings far extended. Heavy reconnaissance are being made against the Russian camp with the object of developing the Russian position.

### NO CHANGE

St. Petersburg, March 31.—A dispatch from Linvitch, dated the 30th, says there is no change in his situation. The enemy is displaying activity east of the railroad. A telegram from Gushki Pass says Linvitch has forbidden inhabitants of Harbin, with the exception of women and children, to leave that place without special permits, fearing the town may be denuded of workmen.

### WAR REPORTS

Port Luis, Island of Maritius, March 31.—A report is current here that the collies accompanying Rojostevsky's squadron were ordered to go to Hong Kong by way of the island of Java.

St. Petersburg, March 31.—The Bourse Gazette prints a report that a number of Japanese prisoners at Medved killed themselves by hand-karl and with arsenic. Gossip in some circles in St. Petersburg attribute the suicides to ill treatment.

### BOARD OF TRADE FAILURE

Chicago, March 31.—Everingham & Co., one of the oldest commission firms on the board of trade, ordered trades closed out to day. Failure of customers to meet obligations and poor business are the reasons given for suspension.

## EMPEROR'S VISIT TO TANGIER

### SPENT ONLY TWO HOURS ON SHORE

#### Shortness of Visit Caused Comment and Disappointment—Various Reasons Given for Action of German Ruler.

Tangier, Morocco, March 31.—The steamer Hamburg, with the German emperor on board, arrived here to day from Lisbon. The emperor was welcomed on landing by representatives of the sultan, diplomatic corps and a large crowd of people. The usual salutes were exchanged between the escorting German cruiser Prinz Friedrich Karl and land batteries and two French warships now in these waters.

The emperor's landing was delayed three hours owing to a heavy sea. The emperor, accompanied by a brilliant staff, rode on horseback through densely crowded streets to the German legation. Later he re-embarked on board the Hamburg.

Emperor William was received by Abel El-Malek, the sultan's uncle, with whom he conversed for some time. Deputations from German residents and leading Moors were presented. Germans delivered an address of welcome, to which the emperor briefly replied. The emperor proceeded to the German legation, where he held a reception of members of the diplomatic corps and Arab nobilities. He left the legation at 1:30 p. m. At the landing stage Abel El-Malek presented the imperial visitor with gifts sent by the sultan and Emperor William re-embarked after having been scarcely two hours ashore. The emperor was accorded a splendid reception by the natives, who, however, were greatly disappointed at the brevity of his visit.

It was officially explained the reason for the emperor's short stay was roughness of the sea, but after the departure of the Hamburg it was stated on good authority the emperor having heard there was possibility of an anti-French demonstration, desired to avoid such an incident. Another report, which, however, has not received official confirmation, but is generally accepted, states that the German legation was informed that an anarchist plot had been discovered and advised that the emperor be dissuaded from landing. Abdul visited the German legation and interviewed Moorish authorities and afterward notified his majesty that every precaution had been taken, but advised that the program be confined to a visit to the legation.

Gibraltar, March 31.—The German cruiser Prinz Friedrich Karl, escorting the Hamburg-American liner Hamburg with Emperor William on board, collided with the British battleship Prince George in going alongside the new mole here to day. The damage was slight.

## FRENCH AMBASSADOR

### Thinks There is no Immediate Prospect of Peace.

Washington, March 31.—French Ambassador Jusserand is of the opinion peace is not in immediate prospect between Russia and Japan. He so expressed himself after a visit to the president to day to bid him goodbye before the president goes on his southwestern trip, and said both combatants at this time appeared to be bent on continuing hostilities for the satisfactory adjustment of their difficulties. He added he did not believe the Washington government had yet concerned itself officially in any movement looking to cessation of the war.

### MRS. STANFORD'S WILL

San Jose, Cal., March 31.—The will of Mrs. L. Stanford was admitted to probate to day. By the terms of the will \$3,000,000 is left in trust to Ariel Lathrop and descendants of D. S. Lathrop, her brothers; \$1,000,000 in trust to her nieces, Jennie L. Lawton and Amy L. Hanson, and children of Christine L. Gunning; \$1,000,000 to Charles G. Lathrop; \$125,000 to various charitable institutions of San Francisco and San Jose and the remainder of her estate to the trustees of Leland Stanford, Jr., university.

### REMANDED FOR TRIAL

Philadelphia, March 31.—On the testimony of two former employees of the defunct Storey Cotton company, Stanley Francis, accused of being one of the promoters and directors of the concern, was to day remanded for trial with bail fixed at \$50,000. The original charge against Francis was using the mails for fraudulent purposes and he was arrested at the instigation of postal authorities.

### NO AGREEMENT

New York, March 31.—Following a conference called by State Superintendent of Insurance Hendricks at his New York office to day, at which were present many of those directly interested in the Equitable Life Assurance society controversy, announcement was made on apparently good authority that no agreement had been reached.

## LORAIN BANK FAILURE

### Institution Forced to Close Its Doors by Default of Three Employees.

Lorain, Ohio, March 31.—The following notice was posted on the door of the Citizens Savings bank to day:

"This bank is closed for business. The affairs of the bank have been placed in the hands of T. F. Vander, assignee." The capital of the bank is \$50,000, resources \$379,849 and individual deposits \$133,949. The decision to close the bank was reached by the directors after a long session last night. While the directors are extremely reticent it is known the closing resulted from defaultations by three of its employees; that the sum taken aggregates \$30,000. President Hoemaker stated to day the defaulting employees had agreed to turn everything of value they possessed to the bank.

BANK OFFICIALS ARRESTED. Lorain, Ohio, April 1.—E. F. Kaneen, cashier; E. B. Walker, assistant cashier, and Dana S. Walker, teller of the Citizens Savings bank, which closed yesterday, were arrested early this morning (Saturday), charged with embezzlement.

### CONSPIRACY CHARGE

New York, March 31.—The conspiracy with which J. Morgan Smith and wife, who are under arrest in Cincinnati, are charged is that with N. Patterson they tried to extort money from Caesar Young on the basis of a false claim that she was about to become the mother of a child for which he would be responsible. Governor Herrick to day issued papers for the extradition of Smith and wife.

Cincinnati, March 31.—Attorney for J. Morgan Smith and wife late to day swore out a writ of habeas corpus for them. The writ was at once served on Chief of Detectives Crawford and is returnable Monday. Their attorney alleged in open court that an arrangement was being made to kidnap him.

### KILLED IN WRECK

Dickinson, N. D., March 31.—Pat Riley, a traveling man for Armour & Co., Henry Doty of Bowling Green, Ohio, and David Simons of Montana were killed and another man, name unknown, injured in a stock train wreck near Medora on the Northern Pacific road.

## EXPLOSION OF POWDER

### While Taking Flashlight Photo—graph Results in Death of One Man.

Omaha, March 31.—While taking a flashlight photograph in a saloon this afternoon Albert W. Butler was instantly killed and William Coffey, W. J. Murray and M. Levy seriously injured by the explosion of the powder used by the photographer. Butler has set his grip containing a large supply of powder near the tripod and when he touched off the powder in the flash pan the fire spread to the grip and an explosion followed. The force of the explosion threw Butler and his companions against a wall, the former's breast being torn away. The injured men will recover.

### DYING OF NECROSIS

The following is taken from the Chicago American of Friday. The persons referred to are not known here, as far as could be ascertained:

"In response to complaints by neighbors, detectives were sent to a house at 2362 Indiana avenue, the home of a leader of the Church of the Spiritual Truth. The screams of a young woman are alleged to have led to reports to the police, but the officers until a late hour were unable, they assert, to gain admission to the building.

"In the evening Lieutenant Walsh and Detectives Stark and Collins of the Cottage Grove avenue station found a door open and entered while a number of members of the cult were holding services. After much questioning they learned that the screams which had alarmed neighbors had been uttered by Nellie Simmons, 25 years old, daughter of Mrs. Della Simmons, formerly of Jacksonville, Ill., who is said to be dying of necrosis."

### TWO DEAD

Malone, N. Y., March 31.—Sulzer Hazen, a bridegroom of a week, and John Hall, his wife's brother, are dead as the result of an exchange of pistol shots at Hall's home last night. When Hall learned Hazen and his sister were to be married he warned Hazen he would resort to violence if necessary to prevent the ceremony. Necessary came of the threat and the newly married couple, believing the trouble had blown over, started last evening for a visit to the bride's brother's home. They had hardly crossed the threshold before Hall drew a revolver and sent a bullet into Hazen's body. As Hazen fell he whipped a revolver from his own pocket and returned the shot.

### KIRKLAND WON STEEPLECHASE

Liverpool, March 31.—Kirkland won the Grand National steeplechase of 2,500 sovereigns to day. Nipper Tandy was second, Buckaway D. third. Twenty-seven horses started. The result was a complete upset of all calculations. King Edward's new purchase, Moira, was generally regarded as almost a certain winner.

## FRANCE'S POLICY TOWARD MOROCCO

### SIGNIFICANT SPEECH BY MINISTER DELCASSE

#### Brought Out by Visit of Emperor William to Tangier—Will Carry Out Policy of Keeping Order.

Paris, March 31.—Foreign Minister Delcasse made a significant speech in the senate this afternoon, which evidently was designed to meet questions arising in connection with the visit of Emperor William to day to Tangier. The minister spoke with moderation, but his closing declaration that resistance in interested quarters would not cause France to modify her policy brought out vigorous applause.

"France's Moroccan policy," Delcasse said, "continues on the same plan as it was begun. The sultan's weakness and the anarchy resulting therefrom was prejudicial to everybody and especially to France in Algeria. We had to see a remedy for the intolerable situation without allowing our action to awaken the suspicions of other nations. France does not pretend to base her interests on disregard for the interests of others. The Anglo-French treaty recognizes that it is France's task to assist in opening Morocco to civilization and also that from an economic point of view all nations have an equal footing there. The terms of the Anglo-French treaty were immediately communicated to the sultan. If France sought a pretext for intervention one existed in the disturbed state of the Algerian frontier. However, from friendship for Morocco and a clear conception of her own interest France merely pointed out the necessity for establishing order. That position we still hold. Resistance of parties interested in maintaining the present anarchical condition of affairs leaves no room for illusion, but that will not modify our policy. Morocco is aware both of our good will and our strength and also that we do not seek to expand a maturely thought out program of the Moroccan policy. It therefore appears that France will succeed in assuring its future in the western Mediterranean without offending any right or clashing with any interest."

## MUST GO TO PRISON

### New Trial Refused Chicago Girl Convicted of Perjury.

Chicago, March 31.—Inga Hansen, former Salvation girl convicted of perjury, was denied a new trial and will have to go to the penitentiary to serve an intermediate sentence. The perjury was committed in a remarkable attempt by this prisoner to obtain \$50,000 damages from the Chicago City railway for alleged injuries in a street car accident by which Miss Hansen claimed she had been rendered deaf, dumb, blind and unable to walk. She claimed to have been suddenly cured through a miracle, the result of prayer.

## DYNAMITER ROSSEAU

### Sentence Deferred in Order to Inquire Into Prisoner's Sanity

New York, March 31.—Gessler Rousseau, the dynamiter, who was convicted of sending an infernal machine to the Cunard line steamer Umbria and who also has confessed to having attempted to blow up the statue of Frederick the Great at Washington, was not sentenced to day. Instead, when he appeared before Recorder Golf sentence was indefinitely deferred after the prisoner had been examined at length by the recorder. When Rousseau's case was called his attorney presented an affidavit questioning the prisoner's sanity and asked that a commission be appointed to examine him. The recorder asked Rousseau several questions. The dynamiter assured the recorder that he never intended to take any life; that he had never at any time or in any way had any connection with any secret organization; that he never had offered his machines to any European government, and that he never received any money for the machines which he made for Cubans.

### LAW STUDENT DROWNED

Ann Arbor, Mich., March 31.—Frank Byers, a junior law student in the University of Michigan from Harlan, Iowa, was drowned to day while canoeing on the Huron river.

Beloit, Wis., March 31.—Montague White, professor of oratory at Beloit college, was accidentally drowned in Rock river to day. Roy Andrews, a student, had a narrow escape. Their canoe capsized.

### WRECKER INDICTED FOR MURDER

Marengo, Iowa, March 31.—Erlich von Kutzeben, who confessed to wrecking the Rock Island Rocky Mountain limited near Homestead, Iowa, March 21, was to day indicted for murder in the first degree and for malicious train wrecking. The indictment for murder was due to the death of Engineer Hotchkiss.

### WAGES TO BE INCREASED

Pittsburg, March 31.—Notices were posted late to day in the mills of the National Fuel company at McKeesport, Pa., announcing a wage readjustment effective April 1. Unofficially this is said to be an increase for 12,000 employees ranging from 10 per cent for common labor to 5 and 7 1/2 per cent for skilled.

### FIXED ADMISSION PRICE

Portland, Ore., March 31.—Fifty cents has been fixed as the general admission price to the Lewis-Clarke exposition. Commutation books will be sold at reduced rates.

## PROTEST COMMITTEE

### Calls on Those Opposed to Gift of Rockefeller to Send in Their Names.

Boston, March 31.—The committee which heads the protest of Congregationalists against the donation of the American Board of Commissioners for foreign missions in accepting the gift of \$100,000 from John D. Rockefeller to day issued a statement inviting all persons, whether clergymen or laymen, who wished to record themselves as in sympathy with the protest to send their names to the chairman of the committee, Rev. Daniel Evans, of Cambridge.

### RAILROAD RATE QUESTION

Washington, March 31.—Senator Elkins, chairman of the senate committee on interstate commerce, assured the president to day investigation of the railroad rate question would be continued by the committee during the president's absence in the west. The committee meets April 17.

### ON RETIRED LIST

Washington, March 31.—After long and distinguished service Rear Admiral A. S. Barker, commander-in-chief of the North Atlantic fleet, hauled down his flag to day. The Rear Admiral was placed on the retired list of the navy. Evans, who succeeds Barker in command of the fleet, has selected the Maine as his flagship.

## MUST GO TO PRISON

### New Trial Refused Chicago Girl Convicted of Perjury.

Chicago, March 31.—Inga Hansen, former Salvation girl convicted of perjury, was denied a new trial and will have to go to the penitentiary to serve an intermediate sentence. The perjury was committed in a remarkable attempt by this prisoner to obtain \$50,000 damages from the Chicago City railway for alleged injuries in a street car accident by which Miss Hansen claimed she had been rendered deaf, dumb, blind and unable to walk. She claimed to have been suddenly cured through a miracle, the result of prayer.

### MRS. MAYBRICK

Washington, March 31.—Mrs. Florence Maybrick, accompanied by her counsel, to day had a long conference with Acting Secretary of State Adams. In the course of legal proceedings now in progress here to which Mrs. Maybrick is party, involving considerable property interests, some obstacle has been encountered in availing of Mrs. Maybrick's testimony because of her peculiar legal status, and she is seeking to get the offices of the state department to procure from the British government papers necessary to rehabilitate her completely in the eyes of the law. The state department will probably take up the matter with the American ambassador in London.

### EIGHT PAIR OF TWINS

Charlton, Iowa, March 31.—The appearance of their eighth pair of twins gladdened the home of Mr. and Mrs. James Bradley, of this town. One is a boy of eight pounds and the other a girl weighing seven. The father, who served all through the civil war, is 78 years of age, but is hale and hearty. The mother is 65.

## COUNTRY CLUB

Officers of the Country club were elected at a recent meeting of the directors of the club and plans outlined for the season which will open May 1. The officers chosen were:

President—Judge Edward P. Kirby. Vice president—W. E. Killen. Secretary and treasurer—C. G. Rutledge.

Chairman of greens committee—Judge Charles A. Barnes. Chairman of the greens committee—George E. Scurluck.

The other members of the greens committee are Dr. George F. Dinsmore, Frank Byrns, Howard Donn and Frank Robertson.

Vickery & Merriam have been engaged to take charge of the club house and will do the catering this year. This will be a great improvement over the arrangements of previous years.

The firm will install a fountain at the club house and will be prepared to serve all kinds of soft drinks during the day and evening. They propose to issue coupon books that will be good at either the Country club or their store on West State street. They will make a specialty of serving private parties and many dinner parties will no doubt be a feature of the entertainment at the club this year.

Mr. McFarlane has again been engaged as greens keeper and Mr. Lindsay will run the mowing machines. The greens committee has decided to appoint a tournament committee who will arrange a series of plays for every week and month of the season. Many golf enthusiasts were on the links Friday. Among the number were Miss Elizabeth Stryker, Mrs. George Searlock, Dr. Dinsmore, Green Lintrell, Rev. R. O. Post, Walter Bellatti and others.

### HEAVY SNOW IN BLACK HILLS

Doudwood, S. D., March 31.—Two feet of snow has fallen in the Black hills in the last two days. It is the heaviest storm of the season. Trails into the mining district were abandoned one day.

### OXFORD WON

London, March 31.—The annual field sports between Oxford and Cambridge took place at the Queens club to day. Oxford won.

### FIRE LOSSES

Chatham, Ont., March 31.—Fire destroyed two business blocks here to day. Loss, \$44,000.

## GOOD TRADE; GREAT ACTIVITY

### CONSPICUOUS FEATURES DEMAND NOTICE

#### Favorable Reports From All Branches of Trade and Industry—Confidence in Future Unimpaired.

New York, March 31.—Bradstreet's review of trade says: Excellent weather, favorable grain crop exports, expansion in industry, well maintained spring trade, particularly at the west, enlarging retail trade in leading cities and unimpaired confidence in the future are a sextet of conspicuously satisfactory feature demanding notice this week.

Special reports from Bradstreet's from all leading winter and spring wheat sections point to the winter-crop grain having weather the cold weather in excellent condition.

Special reports from 106 cities and towns point to the expenditure for houses, of- fices, factories and other edifices of \$465,000,000 during the present calendar year. Allowances for cities not yet reported would indicate the total expenditures for edifices for this year would run well up to \$600,000,000. In addition to this, marked activity in railroad building and heavy orders for equipment foreshadow the expenditure of probably \$200,000,000 by railroads, this all pointing to an aggregate expenditure for material and labor of \$800,000,000.

Relatively the most activity in trade is still noted at the west. All usual lines of distributive trade, such as dry goods, clothing, shoes and millinery, feel the stimulus of spring demand, while enlarging building activity is reflected in better inquiry for lumber, hardware, paints and oils. Prospects favor very early opening of water navigation, particularly on the great lakes, with enormous ore trade downward and heavy coal business up is foreshadowed. Prices of commodities, aside from those affected by weather, note marked firmness; particular strength is shown in iron and steel in all its forms.

Wheat, including flour, exports for the week were 850,000 bushels, against 1,207,000 bushels this week last year; July 4 to date, 47,627,000, against 11,100,000 last year. Corn exports for the week were 1,000,000 bushels, against 1,438,000 a year ago; July 1 to date, 57,479,000, against 46,500,000 in 1904.

### DYING OF NECROSIS

New York, March 31.—Dun's review of trade says: The closing days of March brought greater confidence regarding the future and results for the first quarter of 1905 proved even more favorable than was anticipated when the year opened. sanguine expectations of manufacturers who made extensive preparations are now being realized. Railway earnings in three weeks of March were 8.2 per cent larger than in 1904. Buyers are arriving in large numbers at leading jobbing centers.

Immigration continues to surpass all records and international markets improve as the conclusion of war seems imminent. Foreign commerce at this port for the last week showed a gain of \$2,404,617 in imports and decrease of \$17,024 in exports compared with 1904.

A steady demand is noted in all departments of the iron and steel industry, orders constantly coming forward, and most plants are assured of activity for many months, while some mills decline contracts for shipments any time before 1906. Better feeling is noted in the primary market for cotton goods.

Failures this week were 34 in the United States, against 203 last year.

### DEATHS

London, March 31.—The dowager duchess of Abercorn, who was Louisa Jane Russell, daughter of the sixth duke of Bedford, died to day of gastritis.

Copenhagen, March 31.—M. de Thyrson, known as the father of the register, being the oldest member of that body, died to day, aged 98.

Bloomington, March 31.—Dr. E. C. Heyett, for fifteen years president of the Illinois State Normal school, is dead, aged 77.

### DEATHS IN NEW YORK

New York, March 31.—There were eight deaths Thursday in Manhattan from cerebro spinal meningitis against six on Wednesday. Since noon Saturday there have been 107 deaths from this disease in the entire city. The warmer weather, which was confidently expected to lessen the number of cases, does not seem to have had any beneficial effect. There are now sixteen cases at one hospital.

### HEAVY SNOW IN BLACK HILLS

Doudwood, S. D., March 31.—Two feet of snow has fallen in the Black hills in the last two days. It is the heaviest storm of the season. Trails into the mining district were abandoned one day.

### OXFORD WON

London, March 31.—The annual field sports between Oxford and Cambridge took place at the Queens club to day. Oxford won.

### FIRE LOSSES

Chatham, Ont., March 31.—Fire destroyed two business blocks here to day. Loss, \$44,000.

## WILLIAM ROUTT WAS HONORED

Anniversary of His Birthday Made the Occasion of a Delightful Surprise—Will Be Known as "Founders Day" of Routt College—The Program.

Friday was the seventy-third birthday anniversary of William Routt, the founder of Routt college, and the students of the college planned a pleasant surprise which was fittingly carried out with an appropriate program at the home of Mr. Routt on South Main street.

The students of the college, accompanied by Rev. Father Crowe, Father F. Formaz and Sisters Regent and Angelista and Professor Wortman of the faculty of the college, went to the home of Mr. Routt about 4 o'clock in the afternoon and were cordially welcomed.

After extending hearty congratulations the formal program was entered upon.

In addition to the formal address, impromptu remarks were made by Father Crowe, Father Formaz, Professor Wortman and Mr. Routt.

It has been decided to have March 31 known as Founder's day in honor of Mr. Routt, the generous donor who has made possible the institution.

The program was as follows:

Chorus.....Mozart  
Routt College.  
Address on behalf of the Brownson Club.  
E. J. Fleming.

Reverend Fathers, Kind Friends and Schoolmates: We are assembled here today to commemorate for the first time in the history of the Routt college. We wish to emphasize founder's day and make its celebration the most noteworthy in our college calendar, because the erection of this college means much to ourselves and to the Catholics not only of Jacksonville but of this whole section of the state.

All of us, though inexperienced in worldly affairs, know what the founding of such an institution means to you. We are aware of the earnest co-operation in every good work which has marked the last span of your life and rendered it especially remarkable. The foundation of this institution is the crown and glory of your charitable work for the betterment of your fellow men.

We realize that Catholic men and women are alive to their duty and are ready enough to do their duty. But the example of one earnest man is worth much in stirring up enthusiasm, in awakening the good the rest of the world. Catholic body needs a good head to give it the example. It needs powerful force back of it to set it in motion. And this you have been. No one recognizes the fact more readily than the student body of the Routt college and none more ready to give honor to whom honor is due.

And to us, the first students of this institution, who are the nucleus of a great body, this day is the greatest in the school calendar. And why not? The erection of Routt college has been the means of arousing in the hearts of our students a love for a higher education, a desire for advancement. It tells us that we may compete with other men and women in the intellectual world and hold our own with them as representatives of culture and religion.

Viewed in this light, the Routt college is a monument that will stand the test of time. It is a monument that will stand the test of time. It is a monument that will stand the test of time.

Therefore this school, and more especially the Brownson club, whose spokesmen I am, heartily and sincerely hope your day of earnest activity in the cause of Catholic education are by no means soon to end, that you may labor on to do even greater things for the church and for the higher education of Catholic youth.

The members of the Brownson club join me in extending a hearty thanks to you who have been so generous to us and our daily prayers for that you may shower His choicest blessings on you and on your family.

Address for the John Boyle O'Reilly Club  
Frank Robinson.

Reverend Fathers, Kind Friends: I am happy to be chosen as the representative of the John Boyle O'Reilly club and to speak on this occasion. While our club has not yet reached the happy old age of the venerable Brownson club, it is still enjoying a lustrous infancy.

Our club, therefore, are just in the prime of life—full of vigor, energy and determination resolved to work to the utmost and realize the noblest of our opportunities for thorough and conscientious work. But work without faith is not behind hand in taking them part in the celebration of founder's day.

That day means enlarged opportunities for them. It means new facilities, the opening of vast new horizons and many other things of a like nature. ## IT ALWAYS HELPS

An ailment like consumption that has been months and years getting a foothold cannot be relieved in a week or day. Scott's Emulsion will always afford relief and often cure, but not over night.

The consistent use of Scott's Emulsion will positively help the consumptive at any stage of the disease. We guarantee nothing beyond this, but we know that right living and Scott's Emulsion have done more to cure consumption than anything else.

Scott & Bowne, 409 Pearl St., New York.

much we appreciate your kindness and sympathy.

We have ever noted the interest you have taken in education and should we be loath to doubt we have tangible proof of it in the beautiful college on East State street. May thousands of students be called from the halls of that noble institution to bless the world and so reflect credit upon your name. Mr. Routt, we give you this chair, not because we think your days of strength and activity are over, for we trust that many, many years yet remain to you to be spent for the welfare of humanity. But at times, when the day's work has brought weariness, and you find it a place of rest and comfort. And may it bring you many pleasant thoughts of the grateful giver.

SISTER CAROLINE ILL.

The name of Sister Caroline will always be associated with the history of Pius Hospital, for to it she came not many months after its work was begun and there she spent the better part of her life in self-denying works of love, shortening her existence by hard work and exposure. A few years since, when her health began perceptibly to fail, she went to her old home in the vaterland hoping that a change of scene, absolute rest, the presence of near relatives and good medical care would aid in effecting a cure; but it was not so to be and where she learned the fact she expressed a strong desire to end her days in this country. She was always doubly welcomed with her kind folks in the old country but she preferred the land of her adoption and sailed for America. She had some strength left and wished to be assigned to the epileptic home in Pennsylvania, but that work she had to abandon a few months ago and go to the hospital in Milwaukee, where all possible is being done for her comfort, but it is thought she will not survive many weeks. The writer made her a visit a short time ago and found her greatly pleased to see one from her former home and to get the loving messages that were sent her. She wished to be remembered with affection to all Jacksonville friends, the Ladies' Hospital Aid society and all friends of the institution she regards so tenderly.

HAPPY SURPRISE.

One of the most popular young misses in the Fourth ward is Miss Bessie Shrewsbury, residing on Prospect street, and she is most deservedly so for she is kind to every one, always has a cheerful word and a smile for all whom she meets, and is ready to show a kindness to any person needing it. Miss Helen Reaugh, one of Bessie's young friends, planned and aided in executing a fine surprise on her Friday evening and the affair was all that could be asked. The self-invited guests met with Miss Oleta Brown at Professor Rayhill's house and proceeded in a body to the Shrewsbury home, where their victim was reading quietly, little suspecting the designs upon her. An ominous rap on the door summoned the young hostess to be and to her astonishment there stood the merry makers. Recovering with admirable equanimity from her surprise, she invited them in and all proceeded to have a good time and there was no difficulty whatever in accomplishing that object. Games and various forms of amusement occupied the hours and nice refreshments completed the program. A race was also one of the features of the affair and was won by Bessie.

Those present were: Misses Helen Reaugh, Fay Rodgers, Edna Insey of Murrayville, Irma Kimball, Martha Simpson, Helen and Edith Robinson, Oleta Brown and Frances English.

## RESIGNATION WAS ACCEPTED

Miss Seybold Will Sever Her Connection With Public Library May 3—Committee to Select New Librarian Appointed—Other Business of the Board.

The regular monthly meeting of the library board was held in the library building Friday evening. Routine business was transacted and the resignation of Miss Stella Seybold as librarian was accepted to take effect May 3. The Morgan county Historical society was granted the use of quarters on the ground floor for their library and museum and for their meetings.

All properly approved bills were ordered paid in the usual manner, after which the following letter of resignation from Miss Seybold was read:

"To the Honorable Board of Directors, Public Library, Jacksonville, Ill.:

"Gentlemen: I herewith tender my resignation as librarian of the public library of Jacksonville—my resignation to take effect May 3, 1905.

"It is with deep regret that I sever my connection with the library. The loyal support of your board, the earnest co-operation of the staff and the sympathy of the people of Jacksonville in the work have been a constant help during my administration the past two years.

"I wish to express my sincere appreciation of your interest and hearty co-operation in all the work I have undertaken. Very respectfully yours, Stella V. Seybold, Librarian."

The resignation was accepted and the secretary, Dr. Carl E. Black, was appointed a committee of one to prepare suitable resolutions of appreciation.

President J. G. Capps, Secretary C. E. Black and Dr. C. M. Brown were appointed a committee to look up suitable applicants for the position. A number of applications were read and turned over to the committee.

President C. E. Black and Secretary F. J. Heilm of the Morgan county Historical society appeared before the board in behalf of that organization, and asked that the society be granted the use of the northeast room on the ground floor for their library and museum, and the south room for their meetings. The request was granted, the rooms mentioned, however, not to be used exclusively for the purposes of the society.

The regular monthly report of the librarian showed a continued increase in the number of readers and the number of books drawn.

Miss Seybold will leave early in May to take charge of the public library at Davenport, Iowa.

ILLINOIS NEWS ITEMS

Springfield—According to the statement of the auditor of public accounts, the 290 banks in the state of Illinois on March 15 carried savings deposits of \$157,564,755, an increase of \$4,418,533 in the past three months. This figure exceeds the individual demand deposits, which were \$138,161,134. On March 15 the total resources amounted to \$467,340,221, an increase of \$10,000,000. Loans and discounts were \$261,353,193, an increase of \$15,143,706. Gains and losses in other items were comparatively small.

The surplus fund showed a gain of only \$117,542, and undivided profits an increase of \$234,818. The increase in individual demand deposits was \$9,392,326.

Havana—A peculiar fact was noted here early Thursday morning, after the steady downpour of rain that lasted throughout the night. The sidewalks were everywhere strewn with angle worms and in one case a flight of five wooden steps, up which it does not seem possible the worms could have crawled, was covered with dead wrigglers. The incident brought out the old superstition that worms, frogs and the like were rained down and there were not a few who after seeing the steps and worms in question that were willing to give credence to this belief.

Alton—Rev. Dr. Stanley W. McKee Thursday resigned as president of Shurtliff college, a Baptist institution of this city. The resignation was accepted. The reason assigned is the growing cares of the institution. Dr. McKee intends to make up the pastorate, in which he held his job until four years ago, when he was called to Shurtliff.

Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She owes it as a duty to her unborn babe, and to herself, her duty to her unborn babe is to use every means within her power to aid his entrance into the world. Baby cannot help himself in this ordeal, therefore mother must. He has a hard enough time after his arrival, so let us make his coming easy. His health in after life depends greatly upon the manner of his coming: would you have your child a cripple or would you have him a tower of strength? Strong men are but grown-up children; a famous surgeon in Vienna is devoting his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

## PUBLIC HEARING

Interurban Proposition Discussed Pro and Con Before Council Highway Committee by Property Owners on East Street.

A large crowd of property owners and others gathered at the city hall Thursday afternoon in response to the invitation of the highway committee to a public hearing on the proposed ordinance granting a franchise to the Alton, Jacksonville & Peoria Interurban Railroad company to enter and traverse the city on East street. The discussion pro and con was rather lively and considerable feeling was manifested on the part of both those favoring the measure and those opposed to it.

Mr. Crandshaw was present and explained briefly the reasons why East street had been chosen in preference to Clay avenue or Hardin avenue, and told of something of the workings of a modern interurban road.

The ordinance was read a section at a time and objections asked for. Daniel Sweeney, Flavius McGhee, J. C. McBride, Otto Muehlhausen and others objected to the clause in section one referring to the carrying of freight. Alex Platt objected to the leath of the franchise, claiming that it was contrary to state law, and that 30 years was long enough. Daniel Sweeney objected to the clause specifying the kind of poles to be used, and also to the clause relating to the equipment of certain cars with lights and gongs. He desired that all cars be equipped with the same appliances as passenger cars. George Dunavan and Otto Muehlhausen desired some provision as to the stopping of cars at street crossings, etc. Abraham Gregory questioned the right of the city council to give away a street for the improvement of which the residents had spent hundreds of dollars. He was opposed to the line in every respect. Alex Platt thought the length of time allowed for the completion of the work should be shortened to two years.

Each property owner present was then asked in turn to express his opinion on the proposition. W. H. Anderson thought that what was killing the town is the knuckers who are always objecting to any improvement. He was heartily in favor of the road coming into the city. Daniel Sweeney, J. A. Cook, J. C. McBride, Otto Muehlhausen, T. H. Buckthorpe, David Estaque, P. J. Meany, William Brauer and others were heartily in favor of the proposed line, while John Minter, Flavius McGhee, David Spencer, George Dunavan, H. C. Jones, James Self, Alex Platt, James Crowe, Frederick Fischer, Charles Glossup, L. Goleen and J. H. Smith were opposed to the line on East street for various reasons. Some of them were that the street is too narrow, the line would be too near the Main street line; the road would not be in reality a street car line, but a railroad; the city council has not the right to give away the streets and should force the corporation to pay for its privileges. Those who championed the admission of the road over the street cited the advantages which would accrue to the property owners by the increase in the value of their property, the benefits from a business

standpoint and many other respects. Ald. J. Bart Johnson for the committee stated that the meeting was called for the reason that the committee believed it to be only fair to the property owners to give them an opportunity to express their opinions on the ordinance before action was taken and that the committee would carefully consider the objections and recommendations made before the ordinance was reported back to the council for action.

## MANY INTERESTED.

Many people here, who belong to the Tabard Inn and Booklovers' library schemes and are subscribers to the Booklovers' magazine and various enterprise of Seymour Eaton, are interested in the financial distress in which Mr. Eaton finds himself. A receiver has been named for the many schemes he has been instrumental in starting. The debts are said to be only \$150,000 and the assets a million, but the concern is in the hands of a receiver just the same.

The companies affected are the Philadelphia Book Store company, the Tabard Inn Press, the Tabard Inn Food company, the Tabard Inn Druggists Specialty company and the Tabard Inn Shops and Studios. The remaining companies of the corporation declared not to be directly affected, are the Booklovers' Library, the Booklovers' Magazine and the Tabard Inn Library. Neither does the complication immediately affect the holding company, which is the Tabard Inn corporation.

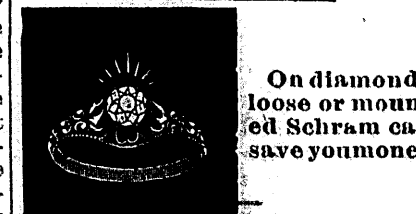

It is the stated intention to continue the several enterprises until the assets can be sold through regular channels in order that the best results may be realized. It is said action in petitioning for a receiver was taken in a friendly spirit by the creditors.

Seymour Eaton, president of the corporation, said that he did not think a single creditor would lose a penny. Against the liabilities of \$150,000 he said the gross earnings for the eight months since consolidation had been \$1,041,197.44.

The Booklovers' Library was the first to gain popular favor. Then came the Tabard Inn Library, designed for popular use and membership in which cost less than in the Booklovers'. Subscribers practically purchased the first book and then had the privilege of changing for a new book as often as they liked on the payment of 3 cents. So great was the rush of members that branches were started all over the country.

The other enterprises followed in succession, and were run separately until it was decided to merge all into one parent organization. The Tabard Inn Corporation thus came into existence last July, being incorporated under the laws of New Jersey for \$125,000. Of this was issued in preferred stock \$5,500,000 and in common stock \$7,000,000 very little of which was disposed of however. Separate charters under the laws of New Jersey were issued for all the underlying companies except the Tabard Inn Shops, which was chartered in Delaware.

## SMALLPOX CASES.

Dr. E. B. Baker has returned from a professional visit to Chicago, Ottawa and other points. Some smallpox cases were reported and he went to look after them. There was a camp of the followers of a man who seemed to have a strong hold on his people, making them do about as he pleased. They were probably exposed in Chicago and sent to the camp, though they may not have known what the trouble was at the time of leaving the great city. The doctor thought he had the trouble under control and the management of the local authorities.

You don't need to advertise by nose everybody in town knows who you are and where you are! So does every one know who the other fellow is and where he is. What is going to keep them from going to see him instead of you?

A Japanese boy presented an essay in one of the English school examinations which contained the following: "Until recently the Japanese used to fight with bows and arrows, but now they are equipped with the complete arms of a Christian."

When one contemplates the excellent condition of the city, its clean streets, its general air of prosperity, the financial status, the great improvements that have been made and are under way, the excellent management which has pervaded all, if fair minded he must conclude that the city has been in good hands the past four years. The same man who has been at the helm is a candidate for re-election and the business wisdom which would continue a faithful employee would dictate the choice of John R. Davis for mayor to succeed himself. The city's books were never better kept and the city's legal affairs were never better attended to than during the past few years and it will be wise to continue S. B. Stewart in charge of the one and W. M. Morrissey in charge of the other. Mr. Russell is an expert in handling the city's funds and of course needs no eulogy. The candidates on the Republican ticket are men tried and true and their election will mean the city's welfare.

**CENTENARY REVIVAL.**

The Bible reading Friday afternoon was on "Fruit Bearing," or the joy of service. It was well attended and joyous.

At night the house was filled. A most enjoyable song service, led by Mr. Rigg, who sang by request, "I Want to Go There, Don't You," preceded the sermon. Robert Stephens preached a stirring sermon based on God's invitation to Noah to come into the ark. The praise service was blessed to many more than those who could participate.

It was the last service for Mr. Rigg, who has endeared himself to Centenary people by his preaching and singing and his cheerful voice and hopeful face. His service has been highly appreciated and he will not be forgotten.

The only service to be held to day is announced for 2 o'clock. Candidates for baptism and for church membership are requested to meet the pastor at that hour.

**COHEN'S CASE**

**United States Court Adjudges Him a Bankrupt.**

Hearing in the involuntary bankruptcy case of Jacob Cohen was resumed in the United States court Friday morning in Springfield, and the decision was that he be adjudged a bankrupt. The contention was that the petition of Frank Robertson, Julius E. Strawn and Henry Onkes to have Cohen adjudged a bankrupt was not relevant as he owed the bank and not them, but the testimony was conclusive that the petitioners had bought the paper of Cohen and paid cash for it, and the verdict was against him, though his lawyers, Salzenstein and Graham, fought the case stubbornly.

John R. Robertson, cashier of the Jacksonville National bank, testified that Cohen admitted collecting \$25,000 from various sources and to having on his person a check for \$1,000, and that Cohen promised to pay the \$1,000 to the bank to apply on his indebtedness, but would not agree to hand over any of the \$25,000 and did not even pay over the \$1,000 check at all.

Morton Barker, son of Abe Barker, a merchant of Springfield, testified that on the 6th of March, after the time when Cohen claimed to have lost so much money gambling in Chicago, that Cohen came to Barker's store with a valise which he said contained papers valued at \$5,000 to \$10,000. There was nothing testified to regarding money in the valise, though some said they guessed it had a lot in it.

Matthias Klemperer, a friend of Cohen, said the latter talked with him frequently after the alleged loss in Chicago and never said anything about it.

Elavins Kroover, treasurer for Henry Sayers & Co., of St. Louis, testified to giving Cohen a check for \$1,000 and going with Cohen to the bank and getting the currency on it. E. E. Epler, bookkeeper for Cohen, testified that Cohen shipped to a son-in-law in LaSalle, Ill., three car loads of rubber worth \$8,000 and entered it on his books as \$600.

F. E. Miller testified that he traced the three cars of rubber shipped to LaSalle and located them in a warehouse in Peru, Ill.

The court adjudged Mr. Cohen a bankrupt.

**AT THE GRAND.**

The Rentfrow Stock company presented Dr. Jekyll and Mr. Hyde at the Grand Friday evening before a large and enthusiastic audience. The production was excellent in every part and the specialties were well received. To night the company will close their engagement here with a play entitled "The Devil's Gold Mine." A matinee will also be given.

**ELECTED CHAIRMAN.**

Hon William Brown was elected chairman of the Democratic city central committee Friday and Thomas Allen secretary. Headquarters will be opened in the Morrison block, room 9.

**Washing Stockings.**

It is recommended that a little vinegar be added to the water in which stockings are rinsed after being washed. The stockings should then be dried wrong side out. Colored stockings will be unfaded and black ones will retain their original luster.

**To Remove Labels.**

When it is difficult to remove a label from a bottle, soak it very thoroughly in water, then hold it for a minute over the gas flame, and the steam thus generated will loosen the label so that it can be stripped off without any further trouble.

**Cure For Barche.**

For earache fold a thick towel around the neck and then with a teaspoon fill the ear with warm water. Continue this for fifteen or twenty minutes, then let the water run out and plug the ear with cotton dipped in warm glycerin.

**Knife Cleaning.**

Old, scratched knives may be made to look like new if tallow is well rubbed on the knifeboards—tallow candle will do—and then knife powder. Scratches and stains will quickly disappear.

**Papering a Room.**

It is well to remember when papering a small room that blue in all light shades makes a room look longer. Dark colors or papers with large patterns have the opposite effect.

**Staining Floors.**

Floors may be stained oak color by using copperas and lye, one pound of copperas to one gallon of lye. If brushed in well it will dry in a few hours.

**Mending Gloves.**

For glove mending cotton is far preferable to silk, as it does not glisten and show so plainly. A very fine needle must be used.

**MYSTERIOUS DISAPPEARANCE**

**Miss Fanny O. Swain Left Her Home on Route Street Early Friday Morning and No Trace of Her Can Be Found—Suffering from Mental Aberration.**

Miss Fanny O. Swain, of 568 Route street, disappeared from her home about 5:30 o'clock Friday morning while assisting her family in the preparation of breakfast. Miss Swain is 40 years of age, has gray hair and blue gray eyes. She was clad in a brown dress, wore a light pair of house shoes and was without any headdress. She was last seen on Sharp street by a paper carrier for the Journal, who was stopped by the woman and told an incoherent story about a relative who was being kept in custody at the insane hospital and being starved to death. After relating her story briefly, Miss Swain started to run and continued in the direction of the insane hospital.

The carrier met Night Policeman Montgomery, who was on his way home, and notified him of the woman and her strange actions. Mr. Montgomery went to his home nearby, hitched up his horse and went for the sister of the woman, and together they started in pursuit. They drove to the Central hospital for the insane and interviewed Supervisor Black. He stated that no woman answering the description had been seen on the premises. The search was continued for several hours in various parts of the city. The day police were notified and the search has been going on for nearly twenty-four hours with no trace of her whereabouts.

A report was current that a woman answering the description of Miss Swain was seen in the west part of the city early Friday morning. Miss Swain resided with her mother, Mrs. S. W. Swain, and her sister, Miss Nettie Swain, at 558 Route street. For a time it was feared she might have been drowned in the insane reservoir, but the story has nothing in the way of facts to verify it.

Contractors and Union Paper Hangers and Painters Unable to Agree as to Scale—Old Scale Agreement Expired Friday

A controversy has arisen between the local branch of the Brotherhood of Painters, Decorators and Paper Hangers of America and the contractors of this city over the scale of wages for the year beginning to day, the end of which cannot be easily foreseen. The new scale was recently submitted to the contractors for their signatures, and thereby the trouble started.

The 1904 scale was as follows:

For painters and decorators:

That the minimum rate of wages for painters and decorators shall be thirty-one and one-fourth (31 1/4) cents per hour, two dollars and fifty (25.00) per day.

For paper hangers:

White blanks, one edge, per single roll ..... \$ .10

Machine trim, two edge, per single roll ..... .15

Ingrains, pulp, tiles and hand trim, per single roll ..... .18

Burlaps, per square yard ..... .10

Canvassing, per square yard ..... .05

Upper third and lower third, per single roll ..... .18

Border, same price as paper to match.

Crown border, double price.

Putting up picture molding, per running foot ..... .02

Preparing walls for papering, per hour ..... .31 1/4

The new scale is as follows:

For painters and decorators:

That the minimum rate of wages for painters and decorators shall be thirty-seven and one-half (37 1/2) cents per hour, three dollars and fifty cents per day. In shops where no journeyman sign writer is employed or the master painter is not a sign writer apprentices shall not be allowed to do sign work.

Paper hanging:

Machine trim, one edge, per roll ..... \$ .12 1/2

Machine trim, two edges, per roll ..... .15

Hand trim, per roll ..... .20

Pulp, per roll ..... .20

Tiles, per roll ..... .25

Velvets, per roll ..... .30

Ingrains and crepes, per roll ..... .20

Burlaps and all fabrics, square yard ..... .10

Canvassing, square yard ..... .05

The following extras shall be added to the foregoing prices:

On entire side-cutting to mouldings, per roll ..... .02

Upper third work ..... .05

Crown work ..... .10

Eight yards, linear measure, shall constitute a roll of borders and the bands.

Contractors shall furnish all tools and paste, delivering same on job and remove. For all country work an addition of 5 cents per roll shall be added to the above specified prices.

Mouldings, per foot ..... .02

A discount of 25 per cent shall be allowed to all houses signing this agreement only.

All hanging and decorating not specified herein shall be paid at the rate of 37 1/2 cents per hour.

That four square yards shall constitute a single roll of paper under this agreement.

The contractors contend that the old scale is high enough; that the scale has been raised from year to year until it can be raised no higher; that there are twelve non-union firms in the city, with whom it would be impossible to compete were the new scale adopted. The clauses particularly objected to are the one which provides that the minimum rate of wages for painters and decorators shall be thirty-seven and one-half cents per hour and that sign writers in charge of work shall draw not less than three dollars and fifty cents per day, and the section which provides that for all country work an addition of five cents per roll shall be added to the specified prices for paper hanging.

These are the principal points objected to, but there are a number of others to which the contractors say they cannot accede. They claim the prices paid compare favorably with those paid elsewhere and that the increase demanded is out of all reason. Consequently they refuse to sign.

The local union held a meeting in their hall Friday evening, which lasted until near midnight. An effort was made to secure a statement of their side of the case from an officer of the union, who said that it was the sense of the meeting that nothing be given out for publication and that no statement be made. Consequently it is uncertain to what extent the imminent fight will be carried.

We've recently received a large line of handsome Chinese and Japanese mattings and have marked them at low prices in spite of the turbulent times in the far east. All 25c mattings 18c a yard. Galbraith Furniture & Carpet Co.

SURPRISE PARTY.

Carl Joaquin was very agreeably surprised at the home of his father, John N. Joaquin, on Michigan avenue Friday evening by a number of friends, the occasion being his twenty-fourth birthday. The affair was arranged by Mrs. Henry Scott, Mrs. Della Ferreira and the Misses Muehlhausen. About forty persons enjoyed the occasion, games and music furnished by Mr. Taylor on his gramophone being indulged in until a late hour. Suitable refreshments were served.

THE BIRTH RECORD.

IMMIGRATION FIGURES.  
New York, March 31.—Immigration  
this country through the port of New  
York for March reached unprecedented  
figures, 95,000. Last year for the same  
month arrivals were only 47,577.

In springtime it should be a kite  
To skim the heavens blue;  
In summer it should be a light  
And fragile bark canoe.

In pleasant autumn it should be

vided the university raise a like sum.

But in the sky above that blood stained  
square  
A mighty host is gathering, taught to  
dare  
By all the pain they learned on earth to  
bear,  
But first they lost and made  
Earth's judges by the power that sent  
them there—  
The disillusioned.

And on the earth, though still earth's  
ears are blind,  
Moves on, relentless, man's own sovereign  
By death unawed, by shackles uncon-  
fined,  
Supreme and still obeyed,  
Though murder makes its answer to man-  
kind—

One month ago I was an old, useless carpet, when I began to search for the fountain of youth. I was jerked up from the floor roughly, then I was given an awful churning and pounding and bumping, but I did not mind that because it took the dust away, which had been choking me for some time. Then I was sent to the Moore Rug company, where I was pressed into a machine and cut into strips, then into a raveling machine and ravelled with knives which revolve two thousand times a minute, and at the same time there was an exhaust fan sucking some more of the dust and lint out from me. Then I was woven, hemmed, sheared and fringed. In each process I had to go through a different machine. When I started through the rug factory I was sixty yards of thin, feeble old Ingrain carpet. Now I am a strong, new velvety rug 9x12 feet, and, "Just think of it!" It only cost my owner \$9.60 to have me renewed. As "fond who has been through the mill?" I addressed all my friends to send their Brussels and ingrain carpets and chenilles upstairs to The Moore Rug Co. on N. Main St., and have them made into beautiful, clean, durable rugs. When the ringing of their telephones while I was at their place I should imagine that they must have BOTH INDIGENTS.
